Alexandra Ballet is thrilled to announce our invitation to participate in DANCE ST. LOUIS'S 9th Annual *Spring to Dance Festival!* Our First Company dancers will be performing *Linear Regression* in the Touhill Lobby prior to the Sunday evening theater performances.

Linear Regression explores strength, defiance and ultimately union. Andr  Megerdichian, Assistant Professor of Dance at the University of Cincinnati's Conservatory of Music, created this original work for Alexandra Ballet.

Don't miss your opportunity to see our last performance of the season and a wonderful night of dance.
